‘We control US politicians like marionettes’ – Former Israeli politician

Do Zionists control America?

Yossi Sarid (http://en.wikipedia.org/wiki/Yossi_Sarid), a former member of the Israeli Knesset, seems to think so. In a February 2015 *Haaretz* column (<http://www.haaretz.com/news/diplomacy-defense/.premium-1.641334>), Sarid wrote:

In these very moments, the protocols are being rewritten. Rich Jews are writing them in their own handwriting. They, in their wealth, are confirming with their own signatures what anti-Semites used to slander them with in days gone by: We, the elders of Zion, pull the strings of Congress, and the congressmen are nothing but marionettes who do our will. If they don't understand our words, they'll understand our threats. And if in the past, we ran the show from behind the scenes, now we're doing it openly, from center stage. And if you forget our donations, the wellspring will run dry.

The candid admission is one of many from Israeli politicians and Jewish commentators who openly boast of their power over the United States government, media and financial world.

Believing themselves to have a ‘divine right’ to rule, these Old Testament fundamentalists apparently want us to know we are nothing more than serfs and cotton-pickers on a global Zionist slave plantation.

As one of Israel's chief religious leaders Ovadia Yosef put it (<http://www.jta.org/2010/10/18/news-opinion/israel-middle-east/sephardi-leader-yosef-non-Jews-exist-to-serve-jews>), “Goyim [non-Jews] were born only to serve us. Without that, they have no place in the world – only to serve the People of Israel.”

1. Yet, the colonial powers collaborated with others to fight a great war against the leader of Germany at the time. I wonder now how far back does this manipulation of world powers go. Truth lies in the bosom of time and history is the compass that guides the affairs of mankind. Truth is ever present and whispers to those who would heed its call.
